Why Coaching?

Success leaves clues.

Looking to kick off your year with something new? Looking to get out of a funk because of Covid or other external factors that have affected your work and your performance? Not sure what you need but you know you need something?

Consider joining my mastermind groups for school leaders. I will be forming two different mastermind groups starting in April 2021. In each of the six - 1 hour sessions, the groups will focus on sharing, modeling, and exploring best practices in leadership, self-care, and bringing out your best growth mindset for you and those you serve.

What is a mastermind/coaching group? In this group Andrew will share, brainstorm, listen, and coach a small group of school leaders who are looking to better themselves and their skills. The sessions will be interactive, fun, dynamic, authentic and more. Why wait? The time is now!

"His dynamic, high energy presentation style actively engaged participants in a learning experience that was both inspiring and uplifting. Using experiences and stories from his own career and posing insightful questions, Andrew successfully motivated new and veteran administrators to become catalysts for positive change in their schools." -Dr. Lynn Allen PNW BOCES
